No. AD/HBNI/Dip.R.P./2014/180

February 05, 2014

Please refer to your letter No. RPAD/MPTS/MPG/HBNI-Dip.R.P./2013/2149 dated July 11, 2013 regarding proposal for approval as indicated below:

1. Implementation of revised syllabus
2. Revised examination scheme for the Dip. R.P. course w.e.f. 2013-14 (52<sup>nd</sup> Batch).

Director, HBNI has accorded the approval of the above two proposals.

July 11, 2013

**Sub.: Implementation of Revised Syllabus and Examination Scheme for Post M. Sc.  
Diploma in Radiological Physics (Dip. R. P.) Programme**

The HBNI Coordination Committee for Dip. R. P. Programme was constituted by the Dean, HBNI, Knowledge Management Group (KMG), BARC vide Notification no. Notification/DipRP/2007/004/666 dated October 9, 2007. The coordination committee in its report submitted to the Dean, HBNI on 18 July 2008 recommended the implementation of revised syllabus and revised examination scheme (semester system) for the Dip. R. P. Programme conducted by this Division. The 1996 syllabus of the Dip. R. P. Programme which is currently in use is very old and does not include many topics required for the current practice of a qualified medical physicist. It is the need of the hour to implement the HBNI coordination committee recommended revised syllabus and revised examination scheme (semester system) to keep the standard of this course at par with similar other courses nationally and internationally.

In view of the above, it is proposed to implement the revised syllabus (copy attached) and revised examination scheme (copy attached) for the Dip. R. P. Programme with effect from academic year 2013-14 (52<sup>nd</sup> batch).

This is put up for your concurrence for implementing the revised syllabus and revised examination scheme for the Dip. R. P. course with effect from 2013-14 (52<sup>nd</sup> batch).

  
11-7-2013  
(D. A. R. Babu)  
Head, RPAD

Encls.: As above
