September 30, 2016

Dear Dr. Misra,

I have great pleasure in informing you that the Academy has elected you its Fellow in the year 2016. I look forward to your active participation in the various activities of the Academy and hope that your association with the Academy will be pleasant and fruitful.

I request you to kindly return the enclosed Fellow's card duly filled along with your one-page resume and coloured passport size photograph. The certificate of Fellowship will be sent (after receiving the Fellow's card from your end), hopefully by the end of February 2017.

The National Academy of Sciences, India, in collaboration with the Springer India Pvt. Ltd., New Delhi has been bringing out quarterly journals, viz. The Proceedings of the National Academy of Sciences, India (PNASI) (Section A - Physical Sciences), PNASI (Section B - Biological Sciences); and a bi-monthly journal viz. National Academy Science Letters (NASL). By virtue of being a Fellow you will be entitled to have an access to the online published journals of NASI from the year 2017.

I invite you to kindly contribute review articles and research papers for publication in NASI Journals. It may be mentioned that in National Academy Science Letters, only Short Research Communications are published. Kindly visit the websites (www.editorialmanager.com/nasa/; www.editorialmanager.com/nasb/ and www.editorialmanager.com/scle/) for contributing your research articles.

I am confident that your contributions would be extremely valuable in acquainting Fellows, Members, scientists and research workers especially the younger ones about the excellent work being done by yourself.

I also invite you to kindly attend the 86th Annual Session of the National Academy of Sciences, India and Symposium on "Science, Technology and Entrepreneurship for Human Welfare in The Himalayan Region" to be held during December 2-4, 2016 at Uttarakhand State Council for Science & Technology (UCOST), Dehradun - 248 007, India. The tentative programme is enclosed. The Fellows can sign the Fellow's Register in Fellows Meeting on December 3, 2016 at 5.00 p.m.
