**To:** "V. Arvind" <arvind@imsc.res.in>, Director <director@imsc.res.in>

Respected Sir,

We are in office since morning. We stocked necessary quantities of diesel, vegetables and provisions. The services at canteen and coffee pantry are normal. Only a few faculty and only two office staff attended office today. Students/PDFs strength is normal at coffee pantry & canteens. Water at Institute premises and guest house complex is maintaining the same level close to knee deep level every where. We couldnot pump out water as levels are equal. Even on the main road [our gate to WPT] water level is same.

Two research scholars who stay on their own with family/mother approached us and we provided two rooms in guest house as water entered into their houses outside.

All the research scholars including a family of SRF staying at Thoraipakkam flats are brought to the Institute and provided rooms in guest house as the water level at Thoraipakkam flats is increasing minute to minute with present status as more than waist level. As per reports there is a possibility of increase in the water level there hence in consultation with the research scholars we brought them here. Though the shuttle operator denied to operate we forced and completed this task. Otherwise situation is under control.

This is for your kind information please.

with kind regards  
Vishnu Prasad

Dear All,

We collected a lot of clothes and bed sheets, a few utensils and one lakh six thousand and four hundred rupees. We bought 56 coupons from Saravana Stores, each worth Rs. 1900/-, and distributed the coupons (along with the clothes, bed sheets and utensils) among the workers affected in the flood. I have some spare clothes in my office that I will donate to Aid India.

Swaroop N P, Raja S, G Arun Kumar, Srinivasan G, Jahir Hussain, Gayathri Divakara and Krishna Balaji did all the work in collecting the money and materials, interviewing the workers to get an estimate of the number of affected people, buying the coupons from Saravana stores and distributing them among the workers. I would also like to thank Rahul Siddharthan, Amritanshu Prasad, R. Indra, C S Pillai and Sudeshna Koley for their valuable suggestions.

And thanks to all the donors for your help.

Best regards.
